The Official Magazine of the Church Of God In Christ, Inc.

MISSION

It is the mission of *The Whole Truth* magazine to provide the general constituency of the Church Of God In Christ with a quality publication which will edify, educate, and empower. This will be accomplished through special features which include coverage of religious and news events relevant to the Church Of God In Christ; profiles of COGIC members; and literary contributions by COGIC members. *The Whole Truth* shall endeavor to affect greater unity within this denominational body of Christ by communicating the program and message of the leadership of our National Church and by promoting and utilizing the wealth and resources of journalistic talent from among our own constituency.

THE LEGACY CONTINUES: PROCLAIM THE GOOD NEWS

The Whole Truth is the official news source for the more than 5 million members of the Church Of God In Christ, Inc., the nation's premier Holiness-Pentecostal denomination. The historically acclaimed Bishop Charles Harrison Mason founded the Church Of God In Christ in 1897; and since its inception the predominately Black body has impacted all segments of Christendom throughout the world. *The Whole Truth* can trace its existence to the 1900s when the news journal reported on various social and spiritual issues, and the saints have embraced the publication as their official news source from that point in history.

If you are a member in good standing with the Church Of God In Christ, but do not consider yourself a professional writer, or if you are a journalist who meets that same criteria, *The Whole Truth*'s editorial staff would like to hear from you. It would be an honor to report the latest newsworthy events concerning your church, district, and jurisdiction. Let your brothers and sisters in the Lord rejoice, praise, and pray with you as they read about achievements, breakthroughs, current events, conventions, home-going celebrations, weddings, etc.

Please be advised that all articles, related resource information, and photos are placed in *The Whole Truth*'s archives and will not be returned. Additionally, the editorial staff at *The Whole Truth* reserves the right to reject, edit, and rewrite all submittals.

You may send your articles, news updates, and photos to *The Whole Truth*, Attention: Editor-In-Chief, 2500 Lamar Avenue, Memphis, Tennessee 38114.

These Are Exciting Times

Dr. David Allen Hall, Sr.

Dr. Martin Luther King, Jr. made a speech and raised a curious question. If possible, what time in history would he prefer to have lived, if given a choice? He spoke so elegantly about various historic events and personalities that interested him. He, however, concluded his present day situation was the moment in time for him. The problems of the American Civil Rights struggle and all the drama surrounding it was simply an opportunity for him to achieve success. We too, live in an exciting time. The challenges of our day are varied and most difficult and we have no other choice but to deal with our current situations. This is our time and we should be the best!

The Church Of God In Christ is uniquely prepared for this age. Our Pentecostal Holiness gathering of believers has merit and possibly one of the best opportunities to serve this age's mounting problems. The Whole Truth Magazine staff is proud of this edition. This edition reflects the character and largesse of the saints when times are tough. Whether combating sin or natural disaster, the saints practice their faith with passion. I am proud to record selfless acts and sizeable contributions made by everyday people. COGIC faith and soul materializes when situations arise in an abundant way. God has allowed this world to be left in our hands and we are in His hands. The combination of God and people is working toward the benefit of all concerned. Whatever demand arises there is a means to an end: the Church.

The response of COGIC Charities, COGIC medical professionals and religious workers as depicted in this magazine demonstrates the type of ministry the Church offers. Made clarion by the actions of our Presiding Bishop Charles E. Blake, Sr., the Church has more cutting edge initiatives than ever. Whether urban, charitable or missions, the Church Of God In Christ is a non-governmental organization by record. We are making significant impact and contributions the world over. If one examines this magazine and considers the financial reports, it is a miracle that so much is done by our organization. The Church Of God In Christ is not a wealthy organization. Each of us can be godly proud of our efforts. Each of us should admit that more should be done!

Share the testimonies and the stories of this edition with your local church members, families and friends. Let's encourage deeper and more meaningful response to the calls of our leaders. There is no place better in history than the present for us to make our mark. There is no better time for compassionate and pure ministry to a world of need. I am truly glad to be a member of the Church Of God In Christ during times like these!

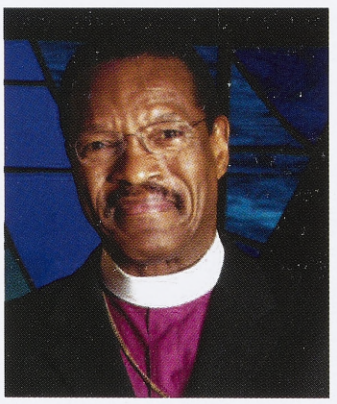

Living Up to Its Mission

By John Wayne Penton, Sr. COGIC Charities

Dr. Amos, Elders Pullings and Supt. Penton

The Church Of God In Christ is a Pentecostal Holiness Church with a social and humane conscience. The leadership of the Church has long reflected a sense of responsibility to the less fortunate and to people in harms way. As a predominately Black Church some persons may not appreciate that the Church stands upon the world's stage and addresses many of the overwhelming disasters featured in the media. The world is in difficult straits when governments and Non Governmental Organizations (NGO's) don't have the means or the humanity to meet challenges. In 2010 people of faith, and the Church Of God In Christ joined with respondents and organizations to perform as Jesus Himself would. This year, 2010 presented COGIC Charities an opportunity to provide a witness and a healing hand under the most devastating circumstances seen in the Western Hemisphere.

Bishop C.E. Blake, Sr.

To this date, the saints have sent dozens of individuals, both lay and professional, to the Isle of Haiti as emergency responders and those who worked in a secondary capacity of extended caregivers. For Presiding Bishop C.E. Blake, Sr., it was a matter of fulfilling the calling and focus of the charity. To date more than one million dollars ($1,000,000.00) has been given in a grass root effort on behalf of earthquake victims. The giving was encouraged by the entire gathering at the past Leadership Conference conducted in Memphis, Tennessee, January 2010. The core of COGIC Charities' mission is to provide aid to people that suffer from tragedies like earthquakes, hurricanes and other natural disasters, and to provide micro grants (scholarships) to those that apply and qualify for financial educational aid. The charity is bound by the regulatory agencies of the federal government, under its income tax authority that regulates non-profits and charities.

Elder Lawrence Plummer, Treasurer, and Assistant Treasurer, Sylvia Law have been doing a tangible job keeping COGIC Charities in good financial compliance. They have kept COGIC Charities right in line with what is expected of a charitable organization. The American Institute of Philanthropy (AIP) which keeps an eye on charitable organizations encourages charitable organizations to keep the expense to a minimum. COGIC Charities operates at less than 16% of funds gathered. COGIC Charities is commensurate to the standards and better!

As Executive Director of COGIC Charities, I wrote this article to encourage your prayerful support and continued giving of money

to charitable causes. The pure altruism that represents the love of God is ingrained in the Sanctified Spirit. Most of the saints are not rich but do understand it is imperative that we, each share of our substance. The record is clear that our leaders have been on the cutting edge of charitable giving. Since the inception of COGIC Charities in 2003, there have been many broken hearts due to the tragedies of the world. In 2009, 254 million persons were affected by natural hazards. In 2004, Hurricane Charley hit Central Florida with a vengeance. People died and hundreds were injured, while thousands of homes lost power. COGIC Charities were there! The late Presiding Bishop G.E. Patterson partnered with the Salvation Army and Harvest Food Bank to deliver disaster relief in Florida. On December 26, 2004, a magnitude 9.0 earthquake triggered powerful tsunamis claiming more than 160,000 lives in Indonesia, Sri Lanka, India and Thailand. COGIC Charities responded, but through the information provide by Bishop Dr. Francis M. Kamau. Vital aid was given to areas in East Africa that were impacted by the tsunamis. That sector of the world was blacked out of news coverage and few heard their appeal for aid. COGIC Charities responded through the United Nations Food and Agriculture Organization (UNFAO) by donating $150,000 and $100,000 went to the Horn of Africa Relief and Development Organization working in Somalia.

Hurricane Katrina is recorded as the most devastating disaster in the history of the United States. The total damage amounted to $81 million dollars and destroyed the entire economy of the Gulf States. The year, 2005 is a year to remember because the entire Church galvanized into action and monetary support for the people of the area. COGIC Charities responded to the needs of the saints and those who traveled with them to escape the aftermath of the storm. Scores of churches and homes of COGIC members were destroyed and families were permanently displaced. Local congregations rallied to the needs and from around the nation the money poured in. For example, West Angeles Church Of God In Christ served by Bishop Blake raised and contributed more than the $100,000.00 to Katrina Relief. Bishop T.L. Westbrook rallied our Washington State Jurisdiction and provided gifts of clothing, food and money totaling thousands of dollars. There was the massive effort that brought together the jurisdictions of California and Texas. Truck loads of goods and clothes were donated and a COGIC Emergency Relief Store was established in Houston, Texas.

There were many Bishops and jurisdictions that were moved with compassion and contributed gifts for a considerably long time. The money, goods and clothing came so quickly and continuously that an audit of how much the Church gave was impossible to conduct. The countless testimonies of people that benefited from the generosity of the saints spoke well of the compassionate and altruism of the saints. COGIC Charities organized an effort to put money directly into the pockets of suffering individuals. The Church Of God In Christ linked with NGO's and government programs to establish the continuity of life so needed during the emergencies. Since then, local churches within the stricken areas have been refurbished and the populace has moved back into the areas of Louisiana, Mississippi, Texas and Alabama.

Earthquake, hurricane and flood victims were not the only ones that COGIC Charities provided support. COGIC Charities gave a total of $50,000.00 for the Uganda Women Health Initiative lead by Dr. Herldleen Russell who led a group of medical professionals to educate the people of Uganda about preventing the spread of the HIV/ AIDS virus in 2008-2009.

Education has always been a concern of the leadership of our Church. COGIC Charities sponsors an annual banquet with a focus on making the lives of the youth better. Since 2003, COGIC Charities has given over $300,000 in scholarships for higher education. This gala affair has yielded enough to finance over 200 scholarships. The scholarships have made the purchase of books, payment of registration fees and other basic expenses possible.

Now COGIC Charities has embarked on the support and recovery of the Isle of Haiti, in which Presiding Bishop Charles E. Blake, Sr. has provided splendid leadership. He has commissioned medical relief and committed more than a million dollars of COGIC Charities' money to the effort. His desire is for the saints, who responded, to be aware of the money spent and the service rendered. The following is an accurate accounting of what COGIC Charities and the Church Of God In Christ has done in the effort to uplift Haiti and its people from despair. If you have a desire to contribute go to the COGIC website and make a donation. If you have already donated money, then send another contribution. The Church Of God In Christ has committed herself to stay prepared for Christian service, philanthropy and witness.

COGIC National Financial Report 2010

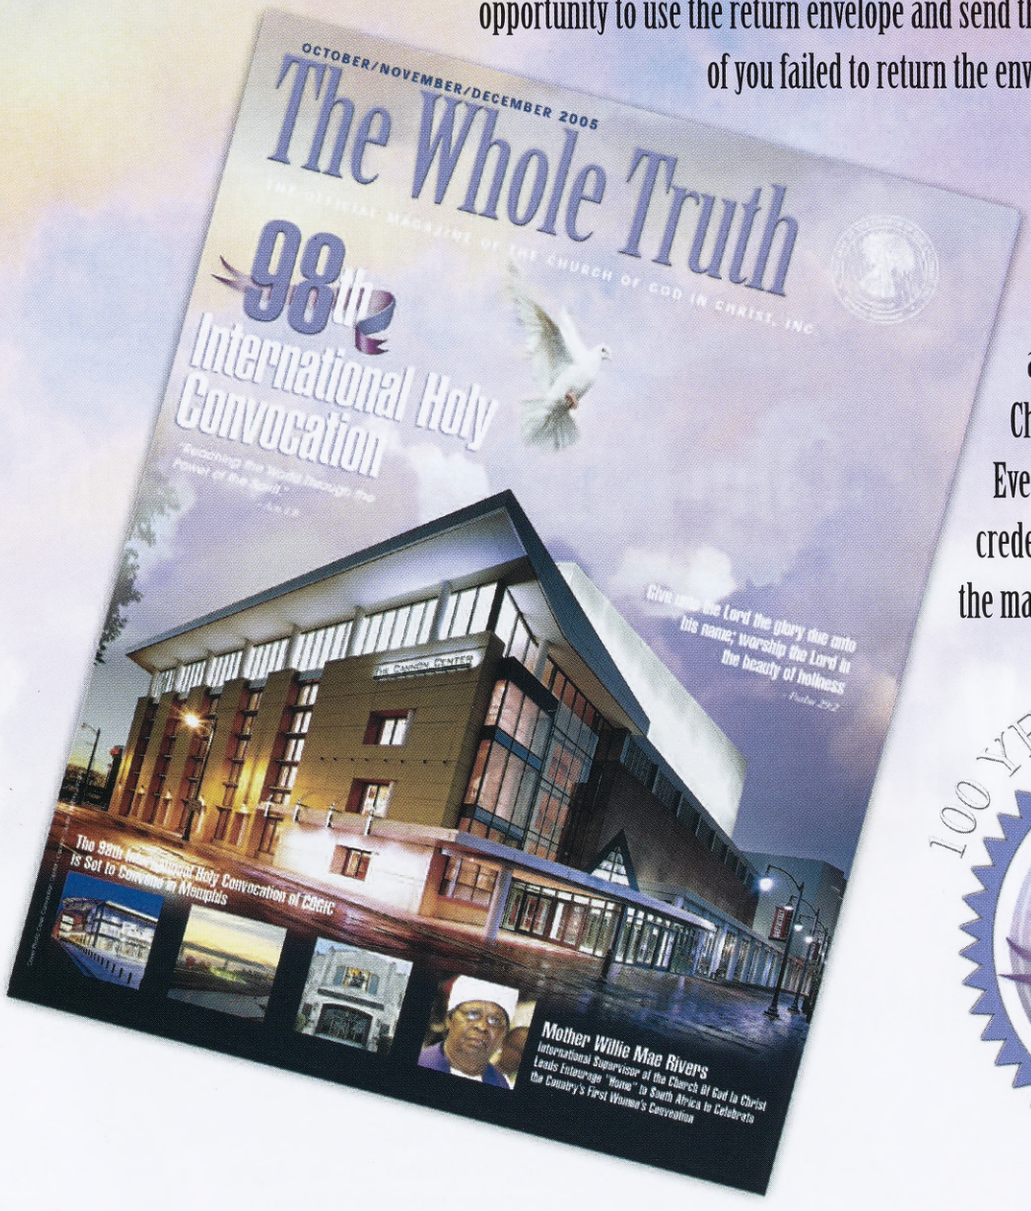

Memphis, Tennessee - Superintendent Frank Anthon White, General Financial Secretary of the Church Of God In Christ has the responsibility to report the April Call Meeting Credential Reports. This era of cutbacks and revisions will not stop the Church Of God In Christ from fulfilling its mandate of ministry. Yearly, the jurisdictional prelates collect reports that compose most of the revenue to support the operations and ministries of the general Church. Presiding Bishop Charles E. Blake, Sr. placed special emphasis on the collection. Not only is the secular world enduring economic down turn, so is the Church. The Church is not immune from the bankrupting pressures of the stock market. The saints know that God is ultimately in control and that ministries must go on!

Secretary White informed *The Whole Truth* the following figures represent the latest revised amount. For purposes of integrity the secretary informed *The Whole Truth* that no check failing to clear the bank would be counted. Reporting and having the money behind the report are imperative. He indicated there are likewise additions on some jurisdictions' account, and that the printed report reflects the augmented amounts after the April Meeting. "The Presiding Bishop wanted the record as accurate as possible. The jurisdictions have been given ample time to make the reports good", said the Secretary.

Presiding Bishop Blake acknowledges every report and promises diligence in budgeting and allocation of funds for our ministry. He is also concerned that all jurisdictional prelates encourage pastors to collect the membership reports. The membership reports anchor the educational institutions and world missions of the Church Of God In Christ.

COGIC Doctors Ministry of Healing

The Relief Team surveys the Emergency Aid Station

Elders Pullins and Penton

A Special Thanks to the Doctors

Pastor Elton Amos, MD; Indianapolis, Indiana
Dr. Robert Walker, MD; San Diego, California
Dr. Annette Stokes, MD; Milwaukee, Wisconsin
Pastor David Wright, MD; Richmond, Virginia
Dr. Mary Portis Hall, MD; Memphis, Tennessee
Dr. John Dicence Dixon Lincoln Lilavois, MD; Croix-Des-Bourquets, Haiti

Pastor Elton "Jerry" Amos is the pastor and medical doctor who administered the medical support and relief in Haiti. Along with the highly financed and well equipped teams of physicians who represented NGO's from around the world, the Church Of God In Christ had certified medical personnel on hand to provide care. The clinic was supervised by nurse volunteers and native Haitians who treated large numbers of needy people during a month of ministry to Haitian earthquake victims. Dr. Elton informed The Whole Truth that Elder James Pullings was instrumental in the on-the-ground logistics that made the whole endeavor work. He served as an emergency relief officer from the very beginning of the disaster.

Dr. Amos expressed the deep and profound gratitude of the Presiding Bishop and General Board for the unselfish and altruistic contribution these saints made. To leave flourishing medical practices and donate time to help the suffering was a true humanitarian act. What most people don't know is that each physician paid for his or her own transportation. Upon arrival the COGIC doctors went to work. "These doctors proved their professional skill and love for God with their commitment", said Dr. Amos. Bishop Lopez Dautruche had one Haitian doctor who volunteered his skills throughout the whole endeavor. Though he was not American trained and there were cultural differences in standards and qualifications, everyone worked together. The collegial and spiritual associations aided the medical mission and created the necessary working and successful relationship. Dr. Stokes appeared on CNN and international television when she addressed issues of not receiving medicine and supplies quickly enough. Even the lack of clinic facilities that approached the American standards did not diminish the effort and each doctor recognized the higher calling for being there.

Many of the physicians experienced their first real Mission activity. Each of them has a tremendous story to share with family, friends and colleagues. For instance, Dr. David Wright's mother was the first doctor in the Church Of God In Christ. She practiced medicine during the life time of Bishop C.H. Mason. Dr. Wright's contribution was certainly an act of living legacy to his mother.

These persons are truly unsung heroes in the Church Of God In Christ.

Congo for Christ

Bishop H. Mayuke

DEMOCRATIC REPUBLIC OF THE CONGO - Rev. Robert Kauya, General Secretary submits the following concerning the work in the Congo: Located in the heart of Africa, with 60 million people, the Democratic Republic of Congo has been ravaged by war and millions of precious children are suffering from hunger and disease. Political conflict has been identified at the root of poverty. Persons are having 2 meals a week; No medical care. The majority of kids do not go to school. In this darkened sinful world Christ is performing miracles. Two months ago, during my pastoral visit in the camp of refugee[s], I met a woman of 32 years but who looks like a ninety year old lady. She has no shelter, no food, only water to drink. She was a widow, her son was sick and she asked me "where was God in this hopeless situation? My dignity has been crushed and now my only son is going to die. Where is Christ? What did I do to suffer like this?" I wanted to start doing theology but my wife told me to pray and share the love of Christ with her by bring[ing] her son to the nearest clinic where the up-rooted boy got well. Finally, I brought her to a city where she got a job. As Christ said in the book of Luke 8:39, "Return to your own house and tell what great things God has done for you." Let me tell you what the Lord has done for us. More than 30,000 people have received Christ through COGIC Crusade. Approximately 115 churches were planted all over Congo. Two orphanages were opened: Tumain Orphanage Center located in Ruashi Township within Lubumbashi city with 121 kids aged between 3 and 12.

Accommodation, food and education are administered to fatherless kids freely. At Kolwezi, the orphanage has 48 orphans but the sad thing, they move from place to place. The need is great. The COGIC Congo has organized 13 schools in rural areas. Two schools were built at Kolwezi District.

Dear reader, you are special to God and you are special to the Congolese kids. Life is hard but I am writing with a view of obtaining any assistance that you can send. Your act of kindness will help provide a needy child with *Church Of God In Christ School at Kolwezi* improved health, nutrition and educational opportunities. May God bless you as you see to share the love of Christ with the needy kids. Bishop Mayuke would love to correspond with saints from the U.S. and around the world. Write to Rev. Robert Kauya. Dr. David Hall is Keynote Speaker for The Center for African-American Church History and Research COGIC History Celebration

DALLAS, TX - During the February 2010 African-American History Month, the rich legacy of the Church Of God In Christ was spotlighted with a traveling exhibit, presentations and oral histories. According to Executive Director Mrs. Glenda Williams Goodson, "during the past 100 years the Church Of God In Christ has made a positive impact in both the African-American community and the larger community."

The beautiful Greater Harvest COGIC (Superintendent Corby Bush) was the site of the Conference. Attendees visited booths featuring rare photos such as originals from the COGIC School in Hearne, Texas (early 1920s), placards and souvenir journals such as Facts About the Temple (celebrating the completion of Mason Temple 1944).

Local presenters did an excellent job covering topics such as an Overview of National COGIC History (Superintendent. C.R. Beard) and Texas COGIC History (Superintendent. J.E. Hornsby), Dr. Ladrian Brown of Kansas City presented a treasure trove of information on her great grandfather, Bishop D. J. Young. Eighty-eight year old Mother Gladys Williams shared her memories of early days traveling in Texas, as well, as to National Holy Convocations beginning in 1943. Pastor James Runnels, a pioneer church planter, was a young man when Elder Utah Smith regaled the saints with his anointed guitar. He also played under the anointing of the Holy Ghost, causing hundreds to come to Jesus Christ during Texas convocations as well as each November Convocation in Memphis. The conference almost turned to a camp meeting as the 80 plus preacher/musician played and sang.

The delegates sat on the edge of their seats as the keynote speaker, Dr. David Hall, CEO of the COGIC Publishing House verbalized his passion and commitment to holding the line of holiness while using new technologies to advance the kingdom of God. He also shared the vision of the Presiding Bishop to enhance the Sunday School Departments by providing a consistent message through the lessons from the Primaries to the Adult lessons. Attendees received copies of the new Sunday School books as well as recent editions of the *Whole Truth Magazine*. To purchase a DVD or find out dates for the 2011 History Conference, write to P.O. Chaplain Marva Nyema Serves in Haiti

OLYMPIA, WA—I am grateful to the Lord for blessing the team and me to go to Haiti [in February]. Within three hours of arriving in Haiti, we started the first of four medical clinics. One day we had to stop the medical clinic after five hours of working as the Haitian people began pushing, and some were injured. We provided medicine and food to over one thousand people: Each family received 2 bags of corn meal, cooking oil, 3 cans of sardines, and 1 large can of Vienna sausage, a bag of spaghetti, dry beans, and rice. The children received stuffed toys, dolls, and small brushes, shampoo lotion, and

disposable razors for the men, plus a few female items, powdered baby milk and clothing. One church received a water purification system, thirteen people received portable water filters, and twenty people received mosquito nets. We left thousands of dollars of medicine, also, along with personal hygiene items with our church there.

One of the highlights of this mission trip was having relatives of the late Elder Charles Kennedy, who served over fifty years in the mission field, work with us. His wife, Mother Mary Kennedy, served Haitians in a Dominican Republic medical clinic.

Prior to leaving the United States, the Lord placed on my heart to do a tract for the Haitian people. I was blessed to have it in English and French. While in Dominican Republic, the tract was translated in Creole.

This was my fourth trip to Haiti but my first time seeing the President of Haiti calling his nation to 3 days of fasting and prayer from 6:00 a.m. until 12:00 p.m. in place of a Mardi Gras celebration. There were thousands of people in white and during the prayer and fasting all of the stores were closed. It has been reported that thousands came to Christ during the 3 days of prayer and fasting with over 100 voodoo priests turning to Jesus Christ. Please continue to pray for the country of Haiti, as well as for the Haitians in America. Chaplain Marva C. Nyema (360) 491-6364

Off the Shelf

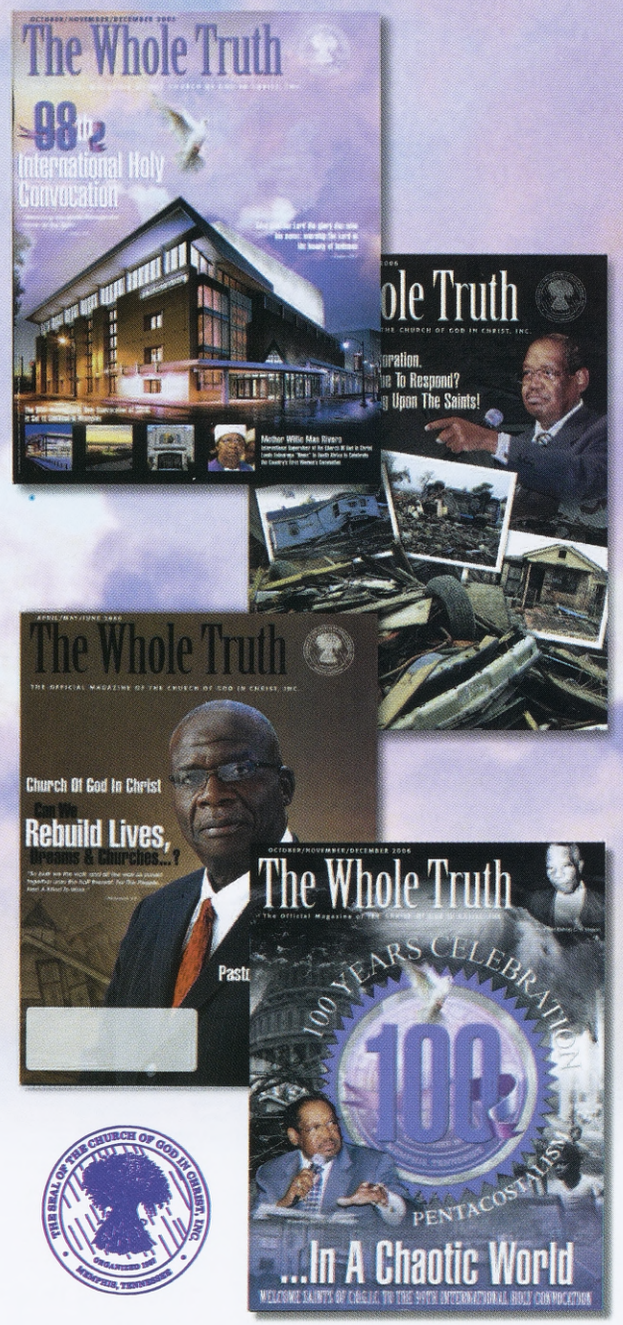

Church Of God In Christ writers are diverse and creative in getting their messages across in prose and words set to music. *The Whole Truth* continues to celebrate some of our best.

NIGERIA - Last year's release of Dr. Gloria Johnson Rogers's book, *Spirits*, caused excitement for those interested in salvation and deliverance. In the book, Dr. Rodgers set out on a quest to find the answers to two tough questions: *What do spirits do?* and *What are their abilities?* Dr. Rodgers analyzes the Word of God as it relates to those real experiences individuals have with demon possession and angelic encounters. The book will assist readers in understanding the hierarchy in the angelic realm and the authoritative order in the army of the devil and claim the victory against even the strongest of evil spirits: lust, power and greed. Dr. Johnson-Rodgers is a family practice physician and humanitarian. She is married to Dr. Charles Rodgers and the couple has four children. For more than two decades she has served more than 60,000 people a year through providing clothing, food, and counseling. She serves the COGIC as the Supervisor of Women in Nigeria. Missouri Area Jurisdictions Support Sunday School

Caption: L. to R. Dr. David Hall, Superintendent Solomon Williams, Bishop and Dr. William Scott and Bishop and Mrs. Lawrence Wooten.

St. Louis, Missouri – The Missouri Eastern Second/Illinois Western, Bishop Lawrence Wooten, Prelate, the Eastern Missouri First Jurisdiction, Bishop Robert J. Ward, Prelate and the Illinois Southeast Jurisdiction, Bishop William Scott, Prelate rallied individuals that numbered over 100 pastors and jurisdictional officials. Dr. Hall shared the plan and vision of Presiding Bishop Charles E. Blake, Sr. to those in attendance. The prelates and saints of the Eastern Missouri and Western Illinois areas met April 17, 2010 to hear about the expanded ministry of the COGIC Publishing Board. Dr. David Hall, CEO of the COGIC Publishing House was welcomed to the Williams Temple COGIC by its illustrious Pastor and First Lady, Bishop Lawrence and Shirley Wooten. The Williams Temple congregation prepared for the three jurisdictions and the event offered a forum exploring topics on Sexual Harassment rendered by Attorney Lisa Sanders and the new agenda for COGIC Publishing conducted by Dr. Hall.

Dr. Hall has traveled around the country speaking about the upgrades in the literature and customer service at the Publishing House. The theme, "The Change Is On!" is being received with enthusiasm. Hall distributed Sunday School books, *The Whole Truth* magazine and news about new incentives for jurisdictions that participate in the coming Sunday School initiative. During the AIM in Charlotte, NC, Dr. Hall will be meeting with all jurisdictional Sunday School officials. The St. Louis delegation got the message early.

Dr. Hall commented how the Presiding Bishop wants all congregations to use COGIC literature. "It is good sense to support our own publishing house" he said with inspiration! The new Publishing Board Chairman, Attorney John Daniels has a select, and highly qualified group of board members who have charted positive directions for the ministry. Already, great things are occurring and new customers are being added daily. The one proposed initiative that got wide praise from the St. Louis gathering was about the introduction of a uniformed curriculum. Starting in September 2010, the Sunday School literature will have a common Lesson text and related subjects. Students from Nursery - Kindergarten to Adult Class will have the some lesson. Upgrades in YPWW and other literatures are forthcoming.

Hall handled the few customer service issues and complaints wholeheartedly. He indicated that starting September, the Publishing House endeavors to advance the shipping schedule of materials and start shipping three weeks before the quarter begins. Those who order on line early will have their literature in a matter of days. Having the literature come well in advance of the quarter should be the norm, stated Dr. Hall. He encouraged the saints to use COGIC literature, because in doing so the Church Of God In Christ, Inc. would have direct input to the ministries of the member churches. Establishing the principles of holiness and right living can be accomplished each Sunday morning during Sunday School.

A special note of appreciation must be given to Superintendent Solomon Williams for facilitating the affair and of course to Bishop and Mrs. Wooten for the hospitality and the great meal.

Dr. Hall is coming to your area next!

Mother Mary Beth Kennedy

Jurisdictional Supervisor, The Democratic Republic of Congo

Her Life: One of God's Gifts to the World

By Glenda Williams Goodson

You've seen her in an immaculate white uniform complete with white headdress en route to the April Call Meeting. You've noticed her whizzing by on her motorized scooter at the Women's International Convention. Or maybe you have listened at the General Assembly as she made an impassioned plea for help to the poor among us in America, Africa, Haiti or wherever she hears of a need. Welcome to a world where sacrifice is championed and the love of God has transformed a woman with a wide smile into one of His most precious gifts, Mother Mary Beth Kennedy. What you do not see beyond the smile is the steely resolve to obedience to the call that Mother Kennedy, the late Father Charles Kennedy and indeed their entire family have given to assist who Jesus calls "the least of these."

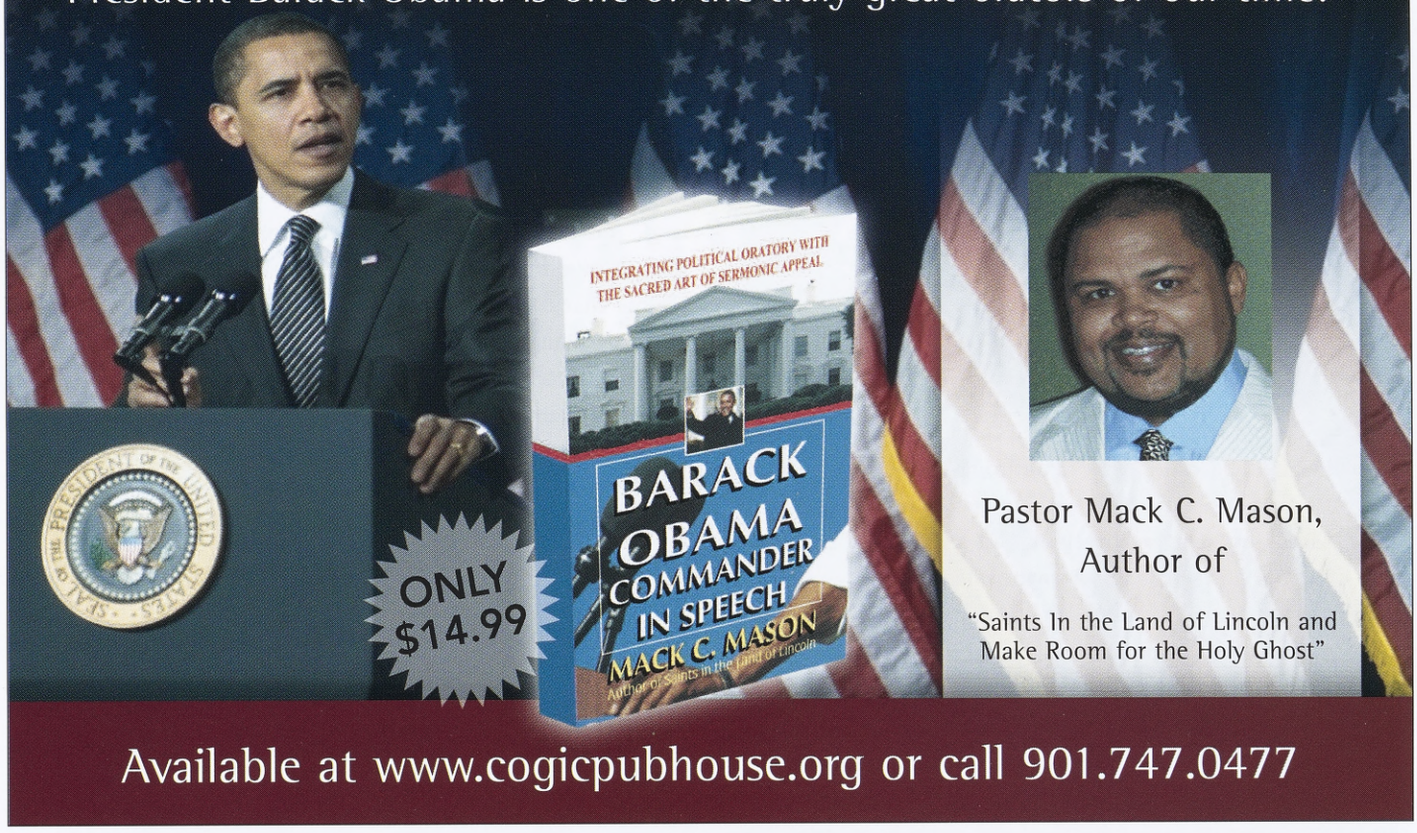

Mother Kennedy has served the Church Of God In Christ since November 1956 as a foreign missionary when she and her husband were sent by Mother Lillian Brooks Coffey to assist Mother Martha Barber at Liberia's Tugbakeh Missions Station. For over fifty years, the work has been a love affair between God, the Kennedy's and the world. *The Whole Truth* Magazine representative traveled to Erie, Pennsylvania, and for two days, heard this woman of valor explained what it meant to surrender what could have been a financially comfortable life with her MIT trained aeronautical engineer husband, to gain wealth in serving God and humanity. They also served in missions in the States through the founding of the beautiful and spacious Community Country Day School, Community Drop in Centers and the Community of Caring. Indeed, the Kennedy's dedication impacted the area in such a way that they were feted in a black-tie dinner and crowned "Erie's First Couple." And at the kingdom promotion of Elder Kennedy, Liberia's Ambassador to the United States gave a moving eulogy.

The Liberians gave them names: He was called Dote, which means "He stands alone" and she was named Kworo, "She who conquers." Their missionary journey would begin in Puerto Rico. Since then they have traveled to Haiti, The Dominican Republic, spent years in Liberia, the Ivory Coast, to Ghana's Liberian refugee camp, other African countries and finally The Democratic Republic of Congo.

"I met Chuck when I was in Philadelphia at Temple University under the spiritual direction of Bishop O.T. Jones, Sr. and Mother Jones. O.T. Jr. had finished his undergrad but was also at Temple getting additional degrees. Chuck had graduated from MIT as an aeronautical engineer. He worked briefly as an instructor [at MIT]; he also taught at Howard University." During the war he worked on dive bombers trying to figure out what made the wings fall off. As he studied spiritual things he felt it was wrong to design things to kill people." He left that lucrative employment and began doing Peace work. "The last group he worked with was the Quakers. My friend and I visited the American Friends Service Committee where Chuck worked and the rest is history," she said with a laugh. They married in 1949 and shortly after decided to relocate. "[We] felt led to go to Puerto Rico. When Father Kennedy and I married it was very unusual for couples that weren't the same color to marry." This world citizen never uses the word race because she feels that there is only one race, the human race. "We had heard there wasn't prejudice in Puerto Rico and felt that any children we had would be better off there."

"THE NEW SLAVEMASTERS"

In The New Slavemasters , Bishop McKinney asks the question: Are we really free at last? In his 224-page response, the "new slavemasters" become a powerful metaphor for the contemporary African-American struggle, as well as seemingly insurmountable cycles of destructive behavior that have enslaved people of all walks. The new slavemasters are drugs, materialism, racism, teen pregnancy, rage, gangs, pornography, instant gratification, and sexual promiscuity, among others.

While her husband pursued his work, Mother Kennedy set about learning medicine. "I'd wanted to be a missionary since I was a little girl," she explained, "and I became a licensed midwife." The Lord continued to prepare the couple for missions. "We lived with the people and I learned Spanish." She also taught school until shortly before her first child, Charles, was born. "I stopped teaching in my sixth month. Two of our children were born in Puerto Rico and two in Africa." They worshipped in an interdenominational church where they met a group of missionaries. "We were invited to...the mission. We lived in a big beautiful house. It wasn't fancy but we had...everything we could want. We worshipped God and served the people. There was weekly medical work I did with a doctor." They felt it was the perfect place to bring up their children. But God had other plans to bring them back home and through her Church Of God In Christ roots, this moved them further into missions work. "One Sunday my daughter was sick and she and I stayed home from church. I was having my own private devotion and as I prayed [I saw] a man standing on the continent of Africa. He said come over and help us." Her initial thought was that the vision could not be real, but deep in her heart she knew that God had called her. "I didn't know what Africa would be like. I told Chuck and he counseled me to pray. He would pray with me. Every time I'd open my Bible or hymn book [I'd read] about missions. Chuck said if that is what the Lord is saying we'll go." The couple packed up everything they could bring back to the mainland and gave everything else away. "I wrote to O.T. and told him that God had called us to Africa. He was very happy about it." After moving in with her mother, Elder Kennedy found a position in engineering. "We made plans to save money to go to Africa."

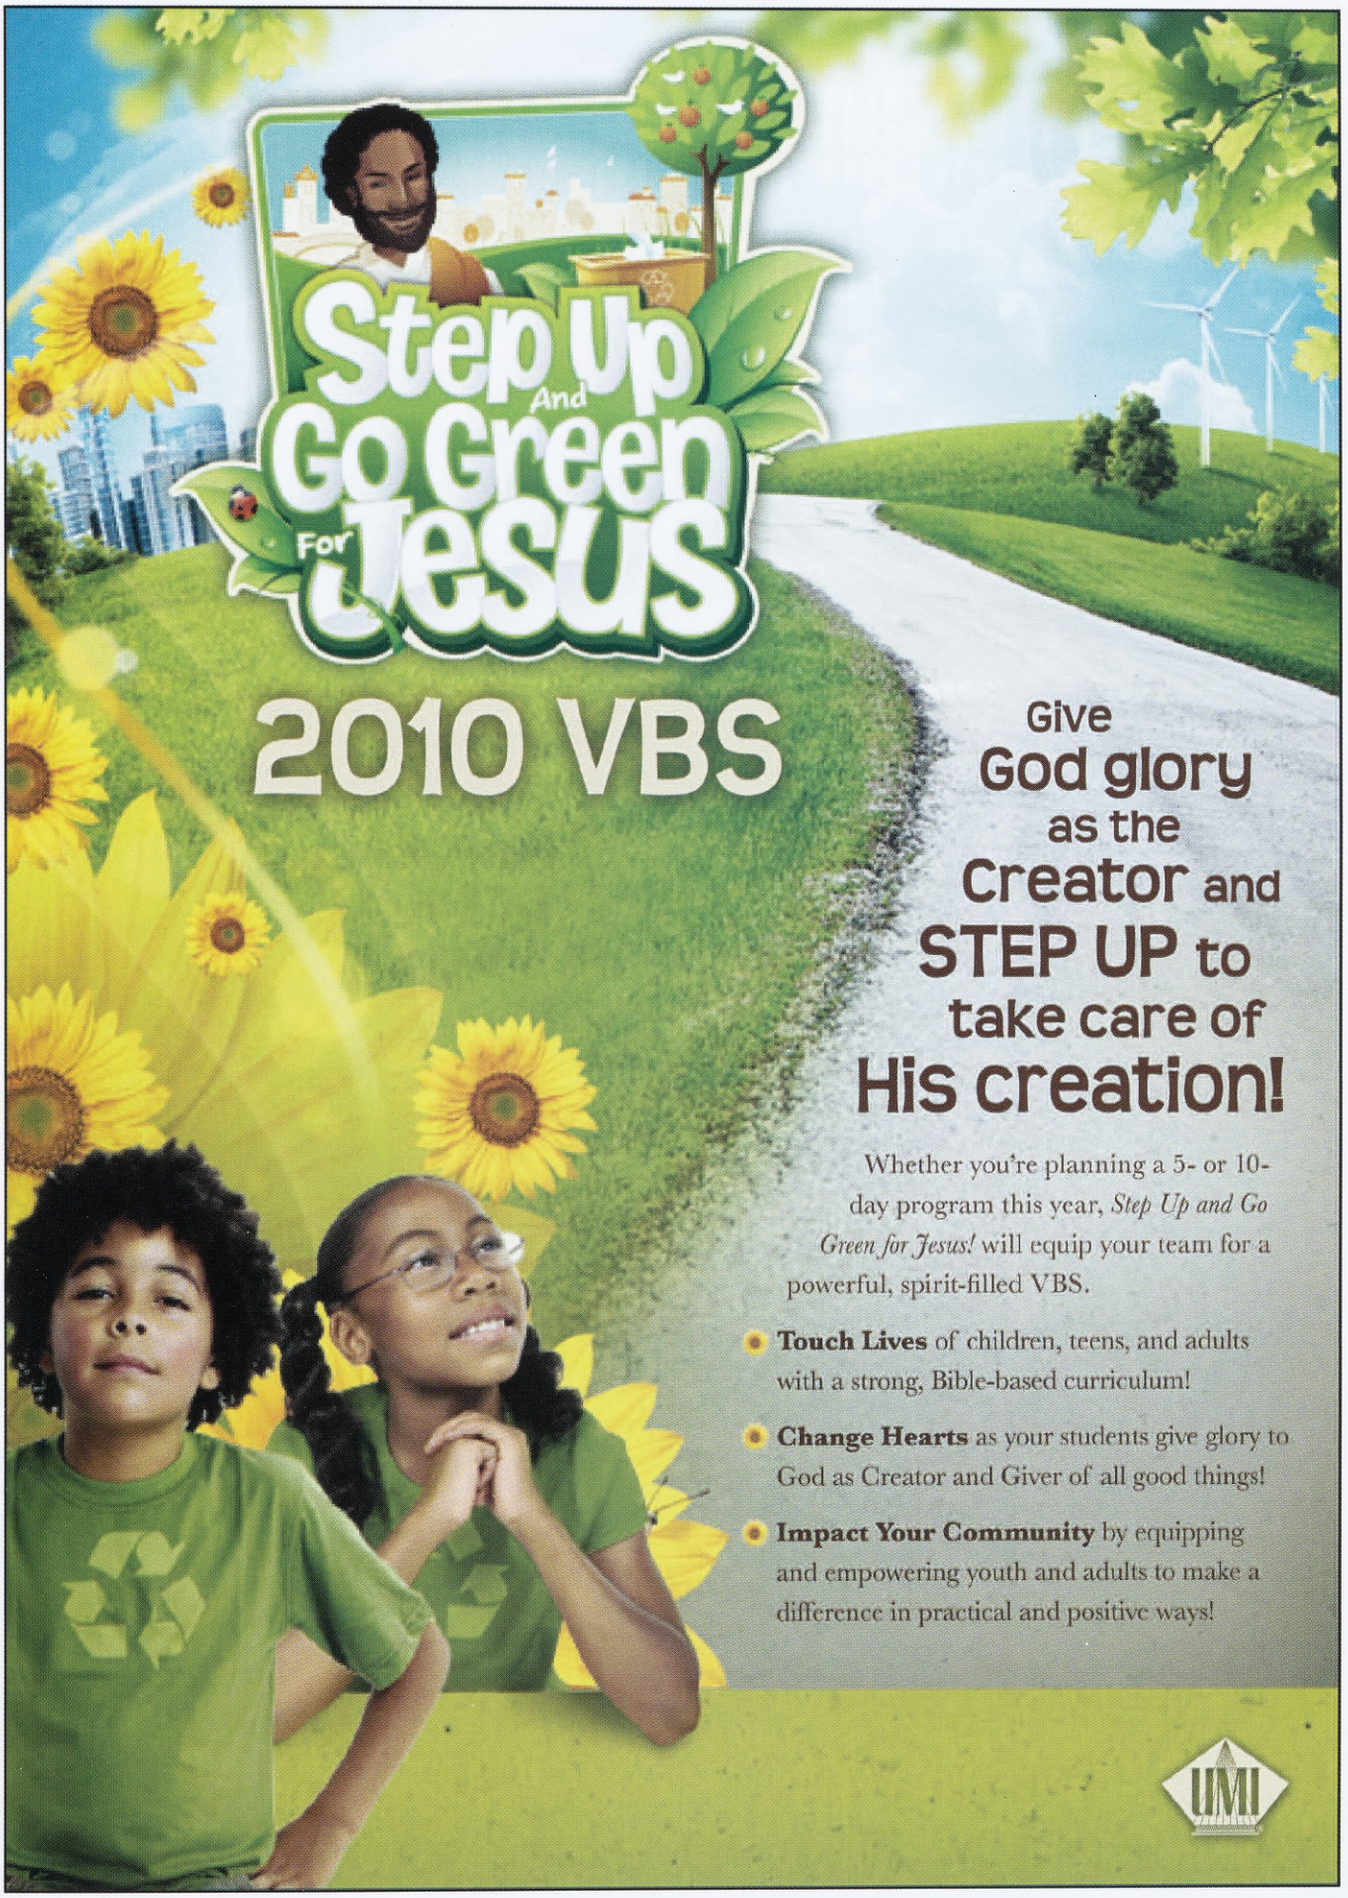

Missionaries were listed in the backs of the old Sunday School books along with where they served. The Kennedy's contacted Foreign Missionary Martha Barber. "I didn't know Mother Barber. I'd only seen Mother Dorothy Exume once. But she wrote back and told us she'd like us to come to Africa. I was so naïve. I didn't know missionaries didn't have anything." For years, the Church Of God In Christ has had an interesting custom that some feel needs to be done away with: They require you to raise your own fare to serve God and serve the church. "We didn't know that. I would put aside money each week – money for the steamship."

At the 1956 Holy Convocation she met with the Missions Board and Mother Coffey. The Kennedy's were approved. "I didn't understand why we had to meet with them and I guess I had an attitude. The Missions Board was under the Department of Women and Mother Coffey didn't necessarily like my attitude which was "I'm the one going to Africa and you're not', but when you're in your twenties...." They were scheduled to leave in January 1957 but had only saved enough for one ticket. Mother Kennedy wrote the steamship's CEO. "I said we were both highly qualified. We could get good jobs there, but the Lord called us to go to Africa." All tickets were sent. The Church Of God In Christ owned three missions stations in Liberia: Tugbakeh, Monolu and Wissekeh. The Kennedys stayed at Tugbakeh one year and served seven years at Wissekeh. "We had no home. We took six or seven students and served way back in the hinterland," she recalls. They lived with Pastor Jika White and his wife in their mud hut until their mud house could be built. "It was so remote that even by the 1960s the Peace Corps thought it was too dangerous to put their people. When the rains came every year, the waters rose and no one could get from Wissekeh unless they were swimming. We were cut off from the rest of the world, but we were never cut off from God," she exclaimed. "We were encouraged by so many. Once coming through Philadelphia, Bishop Mason took my baby into his arms, blessed her and all my children. All of them love and serve God."

Excitement about the prospects of winning souls moved them forward not only around the world but also in the States. "We started drop-in centers because the homeless population began to grow in the area." There, the poor could sleep, get a cup of coffee and get something warm to eat. The United Way took over one of them, Community Shelter Services (a large portrait of Mother Kennedy hangs in the building). However, even before the drop-in centers they served Erie's vulnerable population. "During the unrest of the 1960s, more and more schools began to ostracize children because they 'couldn't handle' them." Mother Kennedy took a $400 inheritance to give a love token to the bus driver, paid a cook and got started. A group of Catholic sisters lent them a crafts building where they held classes for a month. They served students that no one else could handle as well as other students. As a result of the school's success in positive behavior patterns and increased academic scores, the Country Day School became famous. Money was donated and they purchased nineteen acres to build a new facility in the country. Touring the school and visiting with students is inspiring. The library is state-of-the art; the school has a huge regulation gymnasium, a computer center and classrooms, which serve grades 1 through 12. Throughout the school's 42 year history, some graduates have become physicians, businesspersons and most are good citizens. Unless students were on their best behavior because of a visitor from the Church Of God In Christ Publishing House was there, they demonstrated that they were receiving a tremendous education, proved bright and responsive in a refreshing aura of excellence.

herd. As director, Mother Kennedy oversees its residential transition facility serving 49 people where assistance and daily meals are provided. It is one of several scattered throughout the city but Community of Caring has facilities around the world. The fully staffed professional team of family and non-family members includes International Medical Director, Dr. Grace, the youngest of the Kennedys, who left her medical practice to work to help heal the hurting poor. (Shortly after this visit, Elder Charles Kennedy, Jr. died suddenly of a massive heart attack.)

When Mother Kennedy talks people listen, wherever she is. The Dayenu Center is a modern, brightly lit and airy facility built from the ground up with funds donated by one of Erie's wealthiest citizens who honors Mother Kennedy's community work. The staff at Dayenu feeds the elderly and anyone who comes a free "family Sunday dinner." On the day of the visit, Mother Kennedy held court at a press conference with reporters from the city's news media where she announced the Global Missions Training Institute, a series of 1:1 (during the convocations), weekly online classes, and actual "on the field" experience. "Our purpose is to train clergy and lay people to be strong, effective, joyful workers for God at home and abroad. Presiding Bishop Blake is on the Board as well as Mother Rivers and Bishop Moody. I wonder how many thousands and thousands of Church Of God In Christ members have met live missionaries? How many have heard of the actual experiences that are on the mission field? Or the actual joys of serving God in the midst of depravation and danger but knowing you are serving a living God who has promised to take care of you?" The four course modules include IN 101 Why me, Lord? (The Call), PD-201 Personal Holiness, CH 303 Mental Health Concerns and SK 405 The Importance of Teamwork.

After a whirlwind two days (she never seemed to tire), we sit in the living room of her home filled with treasures from her world travels. Mother Kennedy is the Supervisor of the Democratic Republic of Congo. God is doing great things in the DR Congo under the leadership of Bishop Mayeke. For example, as far as Mother Kennedy is aware, Pastor Fabrice Mbumba has built the first COGIC hospital in the world. (When she cannot go to the Congo, Chaplain Marva Nyema and Missionary Betty Gardner, travel there). Her wealth of wisdom and connections are in demand from around the world. As we closed our interview, Mother Kennedy fielded calls: some needed prayer, others needed money. Still others, being persecuted for their witness, need direction.

In the waning light as the day closed we talked about some of her unique works of art. What is amazing is that the 83 year old remembers where she received each of the pieces: A beautiful chair from Ghana with deer carved by students at the COGIC orphanage/school; a statute of Mother and Father Kennedy from the DR Congo; a hand carved cross with a malachite stand from the DR Congo. One gift, a pyramid, is very precious to her. "It is made out of the semiprecious metal, malachite. It's often thought that when the Bible talked about the Queen of Sheba, this sort of thing was from her treasures. She came from that part of Africa. The Women's Department of the Congolese Church Of God In Christ under the leadership of the Jurisdictional Bishop's wife presented the pyramid to me," she said tenderly. "What they paid for the pyramid could have been used for sorely needed food. They took their few pennies and gave to me…out of their tremendous poverty. At one of the market places a woman was standing and selling what looked like rats…they were selling rats for dinner. Pray for the Congolese."

One Month in Haiti

Port-Au-Prince, Haiti – The aftermath of the horrific 7.3 magnitude earthquake that devastated Haiti on January 12, 2010 shaped the life experience of persons around the world. The 35 seconds of earthmoving tremors left 230,000 people dead and thousands with broken bodies and wounded spirits. Presiding Bishop Charles E. Blake, Sr., impressed his worldwide flock to consider the plight of our brothers and sisters on the Isle of Haiti. I like most felt so short of gifts and talents to make a difference, but the call to help persuaded me to overcome my fears and anxieties, in short, emboldened my mind, and I became inspired and allowed God to use me. This is not only my story but many of those like me from the general Church Of God In Christ in America! As I related the persons from everywhere came to help the people of Haiti and conducted a humanitarian effort that was unparalleled. Our Church did something tremendous through volunteers that will be considered a legacy for future generations.

There are people who go through life never realizing what they are to do. That includes me! In the month of February, when I began traveling and accompanying my husband on what could have been trip of a life time, Haiti changed my life. I became aware that God does use ordinary people to do extraordinary things. Through the labor of my hands, I was graced to touch the wounded and broken people of Haiti. I have a greater sense of what true dignity and respect for human life should be. I understand what a blessing it is to live in America but even more, what a blessing it is to be a saint in the Church Of God In Christ.

My sister (Gloria) once told me "Don't waste God's time". This started me to thinking and praying, "Lord, what is it that you'd have me to do?" Upon arriving in the country of Haiti, I was filled with excitement and expectancy. I was clearly unaware of the changes that would be taking place inside my heart. Seeing all the devastation that had taken place on the Isle took me totally by surprise. During this time my husband (Dr. Elton Amos along with Pastor James Pullings) began the process of setting up the first health and wellness clinic and the staff housing. The clinic was blessed to serve more than 250-300 people the first day it opened. We attended the morning service with Bishop Lopez Dautruche and the saints in Port-Au-Prince brought us their health needs. Seeing the people rejoicing and giving God praise, I thought nothing was wrong with them. However, to my surprise the same people came down stairs to the clinic with broken bones, large lacerations to their heads, brokenness, burns, bruising, pain from the loss of loved ones, concrete particles in their lungs from being buried under the rubble; these, God's people, had smiles on there faces, with praises on their lips. I felt myself repent deep within for all the times I cried and said "I'm going through". I felt shame. As I assisted my husband in providing healthcare, praying with some, listening to all the stories, I learned a thing or two about going through and giving God praise that day. All I know is that I wanted to do more, not just in Haiti but whereever help is needed. After a short trip home, the Lord blessed me to return to Haiti with the opportunity to remain for one month.

Upon arrival in Haiti, we were greeted by Pastor Emile Tonac, an Interpreter who has seven independent churches. We then united with our team, which consisted of myself, Edna E. Amos, CNA of Carmel, Indiana; Dr. Mary Portis Hall, M.D. of Memphis, Tennessee; Dr. John Dicence Dixon Lincoln Lilavois, M.D. of Croix-Des-Bourquets, Haiti; Aretha Carter of San Diego, CA., Stardetta Hatton of Oxford, Pennsylvania and Pastor Nathaniel Goodson of Philadelphia, Pennsylvania, who came to work for COGIC Charities in the stead of Pastor James Pullings who had gone back to America after being in Haiti for six weeks.

The accommodations were mimimal, in fact we slept in tents. Because I was acquainted with the layout of things, I gave every-

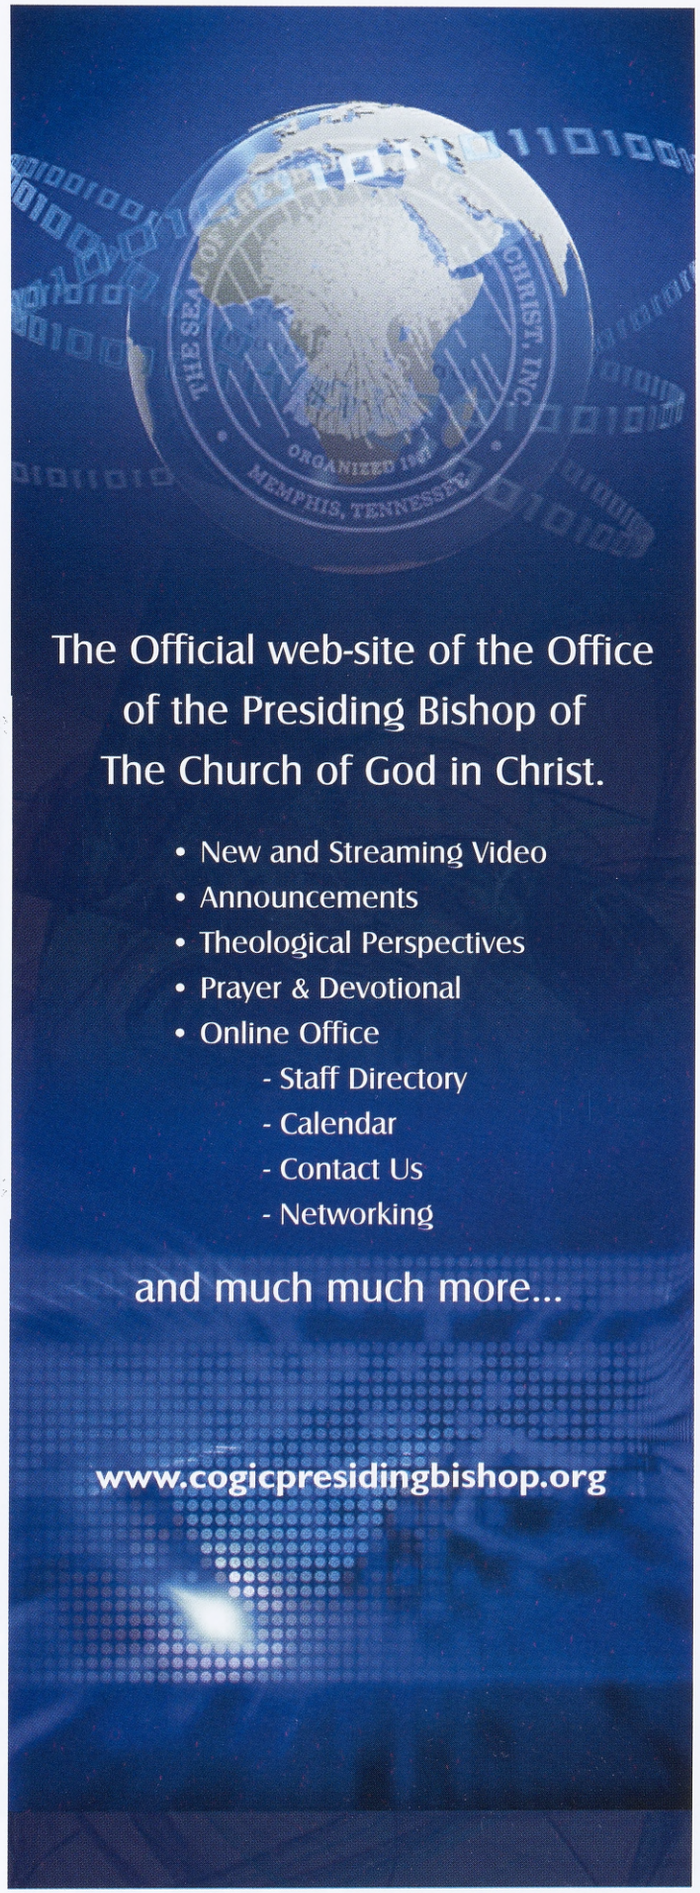

one the "two cent" tour of the place. The medical facilities were "make do", and each doctor from the states had the opportunity to change things to their own liking. There are truly great doctors and medical professionals in our Church. As for the work place, Dr. Mary Hall put us to work on the pharmacy room and we spent the evening getting it in working order. She supervised the clinic during her week. Dr. John filled us in on what the other providers had done in the past weeks. While the other volunteers were unpacking supplies, I started the floor layout of the clinic to give it a good flow during the work hours. Dr. Hall liked what I came up with and approved the layout. The people would be standing in line as early as 3:00 a.m. waiting to be seen. We saw so many people the first three days that we had to close the clinic because the medicines ran out. There were so many varied medical conditions. There were malaria, worms, and colds, way too many sexually transmitted diseases (STD), and infections of all types. Pregnancies, tumors, high blood pressure, and diabetes were common. Medicines were low. Elder Goodson made a call to Dr. Amos, and Pastor Pullings and he received the okay from our Presiding Bishop Charles E. Blake, who allowed us to go and purchase medicines in order to continue.

Dr. John LiLanois and Dr. Mary Portis Hall

Dr. Mary Portis Hall is a gastroenterologist that practices in Memphis, Tennessee, but switched hats and performed in every practical level. She commented how the people's conditions were treatable but the need of a regular physician was very much needed. "I knew how critical our efforts would be. The injuries resulting from the crush of bodies were addressed before I came. The conditions I dealt with were long standing illnesses. The people told me that they had suffered for years with conditions that are easily treated in America. I had women who were six months pregnant and I was the first doctor to examine them," said Dr. Hall.

The trip to the Haitian pharmacy took all day and each of us carried a large case of medicines to the truck. The clinic was opened bright and early the next day. Over all, that week was good and at my final count we attended to the medical needs of 633 people.

Week #2

The second team consisted of three ladies from Memphis, Tennessee. Missionary Judy Looney served as interpreter, and Missionary Ernestine Clemmons, RN, and Felicia Foster, CN worked in concert. This week our team was without a second doctor, Dr. Hall returned home. This left me with many challenges, for instance, I was given the task of running everything. Somehow situations and timing made me the veteran on the ground. So I prayed to do the right things. The first thing that I came up against was the Haitian Pastors trying to interfere with the way things were being conducted. I counted some of it to their custom and cultural differences. The training received by me as a child from my father Elder Cleophas Hall, Sr, came to mind. I respected their rank but I had to remain in control of the mission placed in my hands. Therefore, I solicited the help of my husband and the sound advice from Elder Pullings. I believed all persons learned that Sister Amos wanted things done the correct and most helpful way. I soon won them over. We began having good conversations and they invited me to their churches. I met Pastor Fritzner Alexis, pastor of COGIC in Micheau, Haiti, who lost everything during the earthquake. His losses included, two churches, his house and a car. The churches were completely destroyed, his house fell on his car, and I understood that his children were trapped between floors after the house collapsed. He is in an effort trying to rebuild both churches and home. He and his family are living outside in tents. The Church Of God In Christ had about fifty churches that were damaged in the quake. The rainy season has started, which meant, we began seeing more rashes, diarrhea, mosquitoes breed, which means more malaria. The continuous rain has washed debris away and bodies are being unearthed. I saw an earthquake victim's body on a street and because of the decay, the authorities had to burn it. That emotional observance hit me and made me recognize the gravity of the continued suffering of the people.

Week #3

Autumn Brown, RN of Anderson Indiana and Phyllis Leftwich, RN of Los Angeles California joined our ranks. I was surprised but please that God had strengthened me to continue my role.

In the mist of all the chaos, God was yet present; while we were yet seeing patients, we had the opportunity to talk to the people about the Lord. So I am glad to report that we had several people to give their life to the Lord as we served their physical bodies. The mission work was so rewarding and the saints were proved professional and diligent in every task. Nurses Brown and Leftwich were able and ready!

Week #4

Pastor David Wright, M.D. of Richmond Virginia; Joshua Wright, EMT of Richmond Virgina; Debra J. Hall, RN of Indianapolis, Indiana; Amber Oyoo, RN of Noblesville, Indiana; Doris Moses, RN of Noblesville, Indiana; Laura Johnson, RN of Indianapolis, Indiana, and Sheri Adkins, RN of Indianapolis, Indiana arrived in Haiti. The clinic took on a greater purpose due to the increased numbers. The numbers of patients continued to increase and the Lord worked His blessing in many other ways.

The Lord blessed us to have prayer, praise and worship each morning before clinic. On one particular morning the Lord showered the room with His glory when a young Haitian lady was under the anointing and began to pray for the team. Sister Debra Hall later asked the young lady before she left what the Lord gave her for the team. She replied, "The Lord said we have good hearts, and He said He was going to bless us because we have good hearts." We saw a total of 231 people that morning. That young lady's words meant more than money.

There are similar stories that people have gone through and came out victoriously. For instance, one Haitian First Lady who survived the quake, she and her husband were trying to get out of the building, and the wall began to fall. The pastor lost his life by shielding his wife with his body. I learned that his wife was yet in the hospital so I enquired about her progress. She is now with her sister in another city. She maintains her faith in the Lord because COGIC Charities demonstrated God's love during the season of her greatest loss.

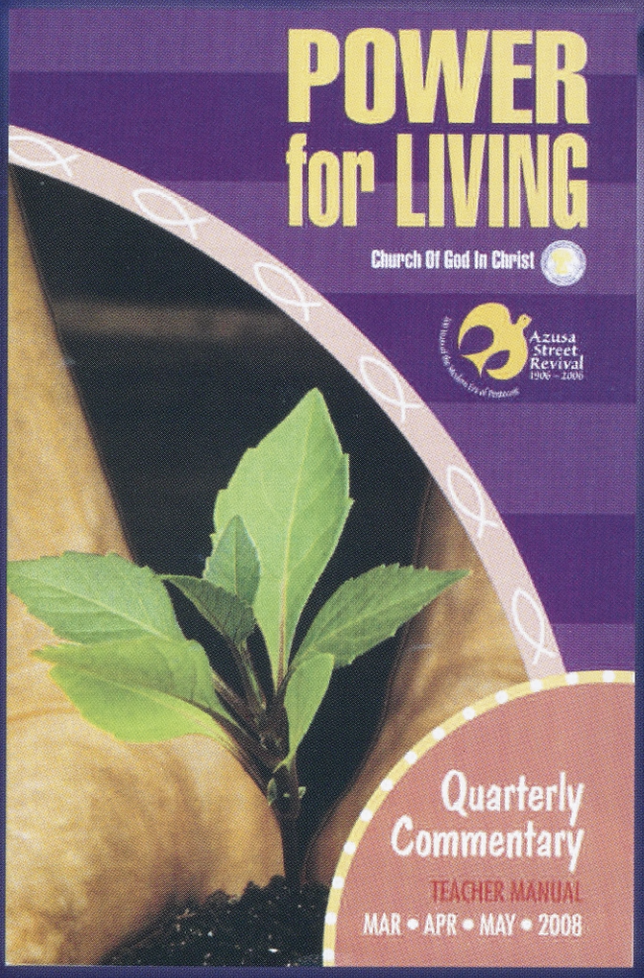

"I have never seen the righteous forsaken, nor His seed begging bread."

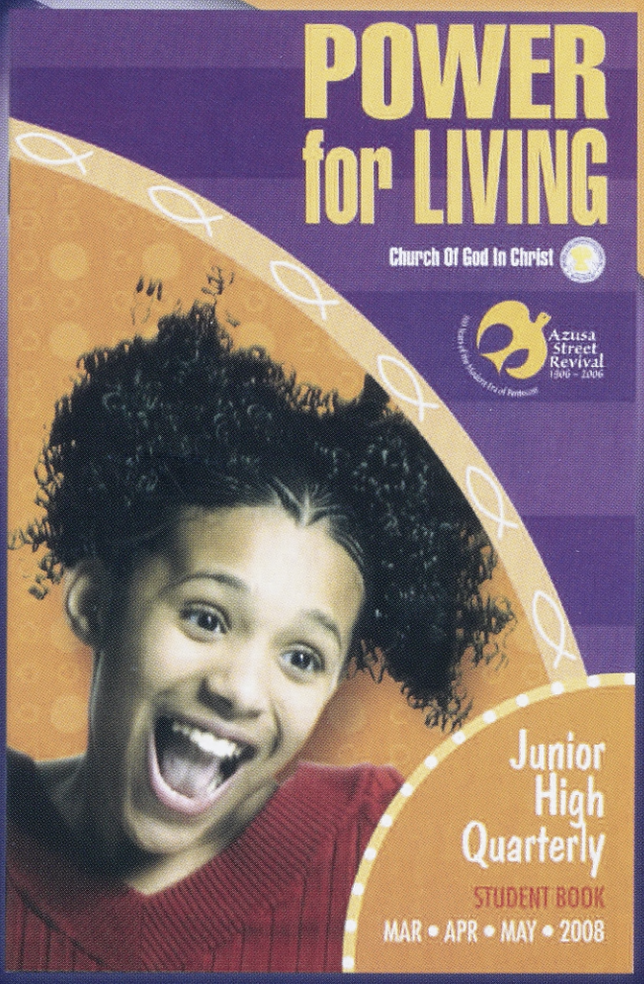

The last thing I want to mention concerns our Church's orphanage. The Lord blessed us to take 35 cots and sleeping bags to the children as well as food and water. We also took our largest team of volunteers to give physicals to all the children. Because the building was damaged, the children were sleeping on the floor. Due to the lack of food and clean drinking water, there were a great deal of worms, stomach problems, rashes, and head sores among the orphans. My hope is that COGIC Charities will continue its outstanding work and provide these children with more support. It is my heart's desire that someone be more responsible for these children to have the things they need. I write this with tears in my eyes and pain in my heart, knowing that this is what our Church represents; helping the needy. We are a church of compassion and love, the Bible says "I have never seen the righteous forsaken, nor His seed begging bread." These children are ours, therefore, the clinic goes to the orphanage once a month to give check-ups to each child. And having touched their wounds and experienced the sadness in their eyes, I feel whatever they need should be supplied. These children need a generator because the Haitian government some days, give only one hour of electricity. These children need to have food, water, clothing, and the basic needs for living. Please pray for our children!

There is more that I could express, but I'm going to end with a quote from Erma Bombeck. "When I stand before God at the end of my life I would hope that I would not have a single bit of talent left, and could say I used everything you gave me." God Bless the Church Of God In Christ!

Good News Regarding All Saints Bible College ACCREDITATION!

All Saints Bible College (ASBC) has been granted Candidate Status by the Association for Biblical Higher Education (ABHE). ABHE is the national accrediting association that accredits over 100 Bible colleges and Christian universities, including most Christian Church institutions.

This is a major milestone! ASBC has been working toward this significant goal diligently for several years.

The Advantages of Candidacy include:

1. **The Commission has evidence that the College can realistically meet the Standards for Initial Accreditation within four years.**
2. **The College is now a member of an accrediting association that is recognized by the U.S. Department of Education.**
3. **The College is now eligible to apply for authorization for Federal Student Aid for its students, including grants and loans.**
4. **Military-related benefits may more easily be granted to students.**
5. **Students may more easily transfer credits to other educational institutions.**
6. **Graduates of ASBC may more easily be accepted into various graduate programs.**
7. **Some employers may now choose to grant tuition reimbursement for their employees to study at ASBC.**
8. **Some corporations may now make matching gifts to ASBC when their employees donate.**
9. **Foundations may be more likely to approve grants to ASBC.**
10. **The College may find it easier to recruit students to secure faculty.**
11. **ASBC will be listed in the books and other sources on accreditation as a member (with Candidate status) of a nationally recognized accrediting association.**

Candidate Status is pre-accredited status granted to those institutions that show promise of achieving accreditation within four years.

All Saints Bible College is authorized for operations as a postsecondary educational institution by the Tennessee Higher Education Commission.

Nebraska Jurisdiction Promotes Scholarship

L. to R.: Dr. David A. Hall, Pastor Jay Robinson, Bishop Ford Elder Robert Terrell, and Elder Haywood Wright standing on the steps of the historic Robinson Memorial COGIC.

Omaha, NE -Bishop John O. Ford of the Nebraska Jurisdiction stands in the tradition of previous prelates of his jurisdiction. Men like Bishops Monte J. Bradford, B.T. McDaniel and "Make a Video" Vernon Richardson were all innovative and progressive leaders. Though Nebraska is a relatively small jurisdiction, the pastors and members don't do things in a small way! The saints support education and uplift with their time, energy and resources. Sunday May 16, 2010, the jurisdiction met together and celebrated academic excellence while congratulating future leaders.

Missionary T.J. Terrell, Esq. served as chairperson and event coordinator. She and the hard working team provided the direction necessary to effectively demonstrate their support of youth and education. The saints gathered at the historic Robinson Memorial Church Of God In Christ to raise money and encourage the next generation of scholarly saints. The Mother Church of Nebraska was filled to capacity as the host pastor, Elder Jay Robinson hosted Bishop J.O. Ford and the saints.

Bishop Ford is a well established but unassuming leader. He is quiet and study, but has a wealth of information and gifts to share. His progressive and determined spirit makes him a friend to the young and those seeking advancement. "I want achievement and continuity from the scholarship recipients. They must graduate and achieve but also remember the financial blessing the Church Of God In Christ has been to them," said Bishop Ford.

As the money was collected, the Spirit of the Lord filled the sanctuary. Everyone praised God and rejoiced about giving the money away. Previous recipients were there to support the efforts as well. Dr. David Hall, Sr., CEO of the Church Of God In Christ Publishing House delivered the rewards service address. His powerful but intellectually stimulating message graced the event so appropriately. He provided insight about the innovative program for the publishing ministry of the Church Of God In Christ. The saints left with information and directions regarding Presiding Bishop Charles Blake's progressive agenda for the Church.

A PRAYER BY

Bishop Charles Harrison Mason

Jesus, everyday, the word of Him calling,
the gift of God working, everywhere He's calling
giving us to come and see the word
of His wonders here with these.

Heal the sick ones and give these saying Yes, to God.
I will Lord, I will Lord, I will glorify your name,
I, will say I will.

The mind of God in Christ,
the Word of God in Christ,
the wisdom of God In Christ
confirming His Word here.

Woman, Jesus deliver you, cast the devil out!
Heal the sick everywhere.
Heal here, heal everywhere.
Heal! Heal today!

The Word of your wonder, heal!
The Word of your will, heal!

The gift of your name cast out devils.

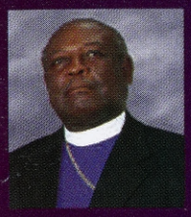

The everywhere of God!
The wonder of Him here today.

Jesus here and everywhere!

Two Powerful Books On Sale Now!

By Bishop Martin Luther Johnson

Stoney The Road We've Trod

Convinced that the final chapter about the life of David Walker had not been written, Dr. Johnson presents a constructive and provocative approach to the life and struggles of this man. His approach gets to the core of American racism and presents a challenge to future generations to pursue clarifications of, and answers to, the inconsistency between enslavement by white Americans and Christianity's message of Jesus Christ. Deeply rooted in this book is the urging to re-read Black history specifically, and American history in general, in an effort to arrive at a point of creative and positive dialogue. Because theological themes of racism, liberation, and social justice are pervading focusses of the work, one must get in touch with the Jesus of History in order to get a better grasp of the Christ of Faith. One must come to grips with who Jesus is and experience a deeper undergirding of the reality of Him in order to understand the meaning and purpose of total and complete liberation. Jesus Christ is tantamount to liberation and reconciliation of persons, but total reconciliation is predicated upon repentance of the persons, systems, and institutions responsible for the original alienation.

Theological Approaches To Pastoral Care

Confident that a key ingredient in the pastoral counseling and pastoral care profession is hearing what is said both verbally and non-verbally, Dr. Johnson presents an innovative and constructive approach to counseling. His is an approach that is provocative, insightful, and holds new challenges and support to caregivers. Pastoral care is a person-centered, holistic approach to care that complements the care offered by other helping disciplines, while paying particular attention to spiritual care. The focus of pastoral care is upon the healing, guiding, supporting, reconciling, nurturing, liberating, and empowering of people in whatever situation they find themselves.

Martin Luther Johnson is the Jurisdictional Prelate of the First Ecclesiastical Jurisdiction, Church of God In Christ, New Jersey, and a retired Colonel from the United States Army. He is a graduate of Palm Beach Atlantic University; The Interdenominational Theological Center; The University of Central Texas; New York University, where he completed the course work for the Doctor of Philosophy Degree in Religious Education (ABD); the United States Basic Course and the Advanced Course; the Command and General College; and The International Seminary (Ph.D.).
